

# CHRISTMAS HEART

by Joyce Johnson Rouse

I had a Christmas dream where everybody had a Christmas Heart  
All filled up with love so strong and warm that it changed the world  
Everyone used their hands to help another realize God's plan  
For all our brother's and our sister's dreams to be all we can

Christmas Heart  
Give yourself a Christmas Heart  
Alleluia in your Christmas Heart

With every day that dawned everyone had courage to go on  
We all lived with hope and harmony in my Christmas Dream  
Everyone had enough and no one wanted more 'cause we had love  
Healing all the loneliness and hurt and it changed the world

Christmas Heart  
Give yourself a Christmas Heart  
Alleluia in your Christmas Heart

In my dream everything changed for the better on the outside  
With just a little change on the inside

Christmas Heart  
Give the world a Christmas Heart  
Alleluia in your Christmas Heart
